EXPERIENCE

MAGNA MEDIA ARTS LLC - Dallas, TX

Managing Owner | 2020 - Present

- Led multimedia production for video projects, editing over 100 hours using Adobe Creative Suite.
- Managed all business operations including client relations, budget oversight, and invoicing.

SOUTHERN METHODIST UNIVERSITY - Dallas, TX

Freelance Post-Production Specialist | 2018 - Present

- Conducted post-production and metadata workflows, archiving over 2,300 video jobs.
 - Automated post-production using Python, reducing manual effort and improving accuracy.
 - Provided technical expertise on digital asset management for university-wide media projects.
-

PROJECTS

TSA Airport Case Study	Analyzed TSA claims data across U.S. airports using R, revealing an overall claim approval rate of 24.4% and a median claim around \$100.
Automated Geocoding Script	Automated geocoding of 68 Hope Supply Co. partners addresses using Python and ArcGIS API, eliminating tedious manual lookup.
Digital Storage Analysis	Analyzed over 120 TB of digital media data across 300k folders using Python to inform data management strategies.
Batch Rename Automation Script	Created a Python tool to efficiently batch rename video files and generate comprehensive shot lists, improving organizational processes.
